Credit Courses

The following courses meet the requirement for middle school promotion. These courses can help transferring students align with the Cicero curriculum, returning students to complete missed credit, or students who need support to build their academic skills. They are not intended to substitute for upcoming curricular coursework.

Great Hearts affirms the fundamental importance of a single track liberal arts education. As such, with rare exception, all students are expected to complete the same courses in a given year of study. This being so, it is important for students to come to a given year of study at Cicero Preparatory Academy with sufficient foundational knowledge for a year of study. Without the necessary prior experience, students will likely struggle to succeed academically at Cicero. We strongly encourage incoming students to prepare for study at Cicero in the summer prior to the start of their first academic year at Cicero. Please use the table below to determine how your student should prepare to begin at Cicero.

Grade	Recommended Summer Study
6th	Prep Study Skills &/or Prep Math Skills
7th and 8th	Summer Academy “Latin Fundamentals” & “Math Fundamentals”
