Our Prep Schools

GreatHearts

Great Hearts Academies is a non-profit network of charter schools and the largest "brick and mortar" provider of classical liberal arts education in the nation.

As a public charter, we provide a tuition-free education for approximately 21,000 students in 30 academies in Arizona and Texas. Great Hearts is subject to open enrollment laws. Typically, our academies receive more applications for enrollment than there are seats available. If this is the case for any grade level at an academy, a lottery will be held. Students who are not admitted through the lottery process will be placed on a waitlist and may be offered admission during that year if a seat becomes available.

Our core curriculum is a robust liberal arts education that introduces students to the tools of critical inquiry essential to each discipline and every walk of life. The Great Books curriculum emphasizes the fundamentals of the arts, sciences, and humanities as students are in conversation with many of the most challenging, influential texts in the Western canon. This academic approach prepares college-bound students for the rigors of higher education as well as agreeing with Plato, that the highest goal of education is to become good, intellectually and morally.

Great Hearts Student Academic Record Updates:

2nd Semester Grading Policy for Prep Schools (6-12th grade) for Spring 2020

– Students' Quarter 4 remote learning coursework was graded on a simple "Pass/Fail" basis; Semester 2 courses were letter graded.

– Students who earned a "Pass" in Q4 received a letter grade for Semester 2 that is no lower than the letter grade earned for the same course in Quarter 3; distinguished coursework in Q4 may have resulted in a Semester 2 letter grade that is higher than the Q3 grade.

– Any courses taken only in Quarter 4 were graded according to an A-F letter grade scale.

– If a student earned a "Fail" for Q4 coursework, the letter grade for that course may be lower than the Quarter 3 grade, including the possibility of an "F" for the semester and no credits earned.

Senior Thesis and Defense:

Each graduate completes a capstone project known as the Senior Thesis. The Senior Thesis is the culmination of the student's years at the academy. It is a year-long project completed in addition to the normal course load. In this project, students work closely with an advisor from the faculty to read and discuss two to three significant great books in one-on-one meetings during the first and second quarter. By the end of the third quarter, the student will have produced a 15-20 page thesis that synthetically brings forth their own answer to a major philosophical question. Finally, during the fourth quarter, each student will participate in an hour-long oral defense of their work before a panel of teachers and a substantial audience. Students receive .25 credit for successfully completing their thesis and defense.

Humane Letters

Perhaps the most distinctive feature of the high school curriculum at Great Hearts is Humane Letters. In the 9th through 12th grades, English and History are combined in the Humane Letters courses: these are 2-hour long, daily seminars, directed Socratically and revolving around readings from Western Civilization's best works in philosophy, drama, history, autobiography, poetry, novels and essays. This collaborative setting allows for the development of the art of conversation, which includes above all the habit of listening well to both the great authors as well as their peers. The class is an exploration of the permanent questions that animate any truly human life through the history and literature of the Great Tradition of the West. What is a good man and good citizen, what are the qualities of a true friend, what kinds of virtue are necessary for a flourishing political and moral life are just a few of the important questions that are addressed with uncommon subtlety and profundity in the books that we read together.

- Due to our deliberate Great Books curriculum and dedication to Socratic seminar, no AP classes or electives are offered.
- Core Course Studies may be reflected on a student's transcript. The Core Course Studies class provides students with instruction and support to enable them to progress academically in core content areas. This instruction supplements but does not supplant any core-area course in which students are also enrolled.

Extra-Curricular Activities 2021-2022:

Offerings are operated by Cicero Preparatory Academy and not required of students. We do not permit student-led groups, as we believe the host of options crafted and operated by us allows for the best opportunity for student involvement and success.

Offerings include athletics, enrichment courses, and volunteer opportunities, which could include assisting the school in organizing and executing special events, providing peer support, leading mentor programs, or editing school publications.

Enrichment courses are additional opportunities for students to receive instruction from our faculty outside of the normal school day. The menu of courses that we can offer come from a fixed list that our network can best support, supervise and continually improve. Courses have attendance requirements and culminate with a final project. Enrichment courses include: Chess, Strategic Games, Choir, Theater, Yearbook, Philosophy, German, and may be updated each semester.

Select Features

Since Fall 2019, any student who successfully completed Algebra I at a Great Hearts academy will receive a P (pass) grade on their transcript to indicate a student's complete level of mathematical progression.

The Arizona state requirement, one full credit, for U.S. History is fulfilled in Grade 9 Humane Letters.

The Arizona state requirement, one-half credit, for U.S. Government is fulfilled in Grade 10 Humane Letters.

We do not offer AP, IB or dual-enrollment credit.

For the weighted GPA, all Honors courses receive a full extra point for GPA calculation.

We believe in the growth of leaders through accomplishments; we do not have class officers or National Honor Society.

We do not rank our students.

Transfer students may have a different curricular sequence.

Letter grades are de-emphasized; students receive extensive narrative evaluations quarterly, and participate in formal student-led academic reviews with goal-setting each semester.

All classes except fine arts are taught at the Honors level with a rigorous adherence to primary texts (ex. Geometry is taught through Euclid; Spanish through Don Quixote).
